

Few Example Programs

Program 1: Performing arithmetic operation and storing the value in variable.

Live

```
int a = 7;
```

```
int b = 5;
```

```
int c;
```

```
c = a+b;
```

Die

Program 2: Performing while loop and performing arithmetic operation.

Live

```
int a = 7;
```

```
while(a>0)
```

```
LOOP
```

```
a = a-1;
```

```
POOL
```
